If you'd like to discuss a booking with us, please email awards@ceed-scotland.com.

TROPHIES

Our unique awards were kindly designed and produced by CA Models again last year, who have market leading in-house technologies combined with a skilled, experienced team.

Leveraging their prototyping excellence and expertise, not only did the trophy design process showcase CA Model's latest elements of advancing manufacturing, the final results looked spectacular!

PLATINUM SPONSOR

We are delighted to confirm that Volvo Construction Equipment & Rokbak are once again this year's Platinum Sponsor. As long-serving CeeD members, Volvo CE has gained a lot of insight and support from the organisation and from the member network, to drive real operational improvement and efficiencies across their business.

"It is vital that as a community we recognise the real achievements gained from our continuous improvement, across many key areas such as Net Zero. However, it is more important that we take the time to reward and share the success of the many hard working, innovative people across our organisations."
