

# 10<sup>th</sup> Convergent Technologies Showcase & Conference

Healthcare & Industry: challenges and opportunities - past, present, future  
an opportunity for the NHS, universities and industry to explore partnerships in health innovation

**Main Event Sponsor: Marks & Clerk**

**Marks&Clerk**  
Intellectual Property Services

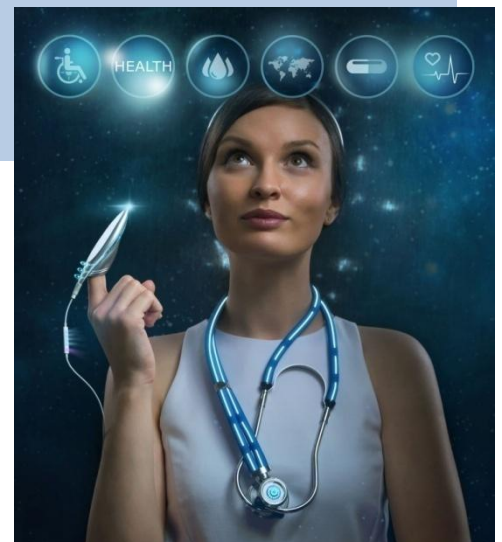

**Wednesday 27th May 2015, The Beardmore Hotel & Golden Jubilee Hospital, Clydebank**

## Keynote Speaker

- **Dr Kevin Fong**

Kevin is both astrophysicist, medical specialist and a natural storyteller. After training with NASA he now runs an intensive care unit, co-presents Health Check, teaches extreme environment physiology and works with the UK Science, Technology & Facilities Council. He's also published Extremes – probing the limits of the human body. Kevin talks about the second space age (Mars in a month), risk management, and how exploration not only solves but creates problems.

*“The best I have heard at any conference”*  
*The Higher Education Academy*
