

# Recruitment Event

## February 2015

Haemonetics in Bothwell is currently going through a redundancy program due to a corporate decision to close the site at Bothwell and move production to Malaysia. Due to this decision the company unfortunately will be making up to 80 employees redundant at the end of March 2015. Therefore we would like to invite you to attend a recruitment event at the Haemonetics Bothwell site on 3rd, 4th and 5th February 2015 between 12:00 noon and 4:00pm.

The site is currently staffed with a highly skilled and diverse workforce, with majority of the staff being made redundant coming from the assembly lines that produce disposable medical devices, which require high levels of dexterity alongside the ability to work under pressure in a highly target orientated environment. There will also be redundancies taking place within the quality systems, continuous improvement and warehouse departments. All employees are used to working in clean room areas and working to stringent medical guidelines.

Can you please contact Craig Divertie, HR advisor, via 01698 819 739 or [craig.divertie@haemonetics.com](mailto:craig.divertie@haemonetics.com) for further information or to confirm what day you would like to attend.
